

ST. MARY ORTHOPEDIC CENTER

1st

joint replacement program in the state to earn Joint Commission Gold Seal of Approval™

Treat more than **3,000** orthopedic patients every year

22 board-certified orthopedic physicians

Joint program rates in top **1%** nationally for patient satisfaction

The most important number is still one.

St. Mary's experienced orthopedic experts use the latest advances to heal joints, spines, hands, and sports injuries. So it's no wonder we have some very impressive numbers to show. But we never forget that the most important number of all is that one person we're treating right now.

"I refer my patients to surgeons whom I believe are well trained, can do the job, and will achieve a positive outcome. St. Mary's orthopedic program is comprehensive and does very well fulfilling my patients' needs.

"The entire process from pre-op education and planning, to surgery, to rehabilitation is very well designed and organized. Patients love the convenient location. As a doctor, the awards St. Mary has received are important since it shows they've risen above the bar.

"When I send my patients to St. Mary, the experience they have reflects on me as well. So it's always great to hear them say, 'My care was excellent; the people were terrific; and I'm really happy with the way the surgery turned out.'"

Designated as a

**Blue
Distinction®**

Center for Knee and Hip Replacement

An Independent Licensee of the Blue Cross and Blue Shield Association

*Dr. Aldo Ciccotelli
Primary Care Physician*

True story. True leader.
